

# **Call for Proposals & Community Action**

## **Full Disclosure Project Grassroots National & Local Organizations**

### **We the Full Disclosure Project are Proposing:**

**A unified grassroots global movement to transfer Disclosure out of the hands of the powers that be and into the hands of the People**

1. Contribute your own ideas and see what others are suggesting by joining our new discussion platform at [community.fulldisclosureproject.org](http://community.fulldisclosureproject.org)
2. Brainstorm goals, procedures, plans, resources, group/project names & ideas for accelerating Disclosure at the local, state, national and global levels.
3. Research other successful activist & community organizations for ideas.
4. Solicit ideas from others experienced at founding community organizations and groups, and nonprofits, including knowledgeable attorneys and group organizers.
5. Begin working toward starting local groups and chapters around UFO and Full Disclosure, and send us your email for updates on the national level, at [www.fulldisclosureproject.org](http://www.fulldisclosureproject.org)

### **Proposed Steps For Creating Local Full Disclosure Groups or Chapters**

1. Search for higher consciousness groups in your area, by checking on Meetup.com, local and online event boards, postings at local healing or spiritual centers, in order to identify where the awakening souls are already gathering.
2. Begin attending groups to meet others of like mind and make friends who may be interested and open to the topics of UFO and Full Disclosure.
3. Open up and ask many questions to others about their own truth/spiritual journey, while noting the role of topics like UFOs, suppressed technologies, spiritual paradigms, and/or full disclosure in your own awakening.
4. When you find others who are interested, discuss forming or co-organizing a local UFO and Full Disclosure group, if no similar group exists, with the understanding that it could also become a local chapter of the Full Disclosure Project. The national organization can help promote your local efforts, as well as recommend ideas, procedures, goals, sample plans, and eventually website tools.
5. Research existing group meeting venues and check websites of restaurants, coffee shops, libraries, schools, etc. Also ask for feedback from others on the best meetup venues.
6. Start a monthly discussion group around ET, UFO, technology and spirituality topics (or post an existing group) and post your events through [meetup.com](http://meetup.com) and New Earth Network ([newearth.network](http://newearth.network)) in order to attract members and unite.
7. After several meetings, identify a core team of interested individuals who may be open to getting more active and formalizing an organization structure. Let us know by email if you are interested becoming a formal chapter of the Full Disclosure Project national organization. Email: [teams@fulldisclosureproject.org](mailto:teams@fulldisclosureproject.org)

## Idea List for Local Full Disclosure Organizations

- Always keep researching UFO and Full Disclosure topics
- Create fliers and burn DVDs to share (examples and downloads on [DisclosureInstitute.org](http://DisclosureInstitute.org))
- Host discussion meetings, start a website and blog for the meetings and topics discussed
- Offer to speak and provide information to other organizations; create a speaker's bureau
- Leverage social media, start a Facebook group or page for your group
- Start collecting many emails (mailchimp.com works) send full disclosure links to everyone
- Demonstrate, pass out fliers, books, business cards with links, and DVDs at military bases, parks and public areas, offices of military contractors, conferences, etc.
- Talk with, share materials, petition, your congressional representatives about Full Disclosure
- Start a Full Disclosure Project Newsletter or Newspaper
- Go to local events and festivals where you are permitted to have a table and pass out information, provide DVDs, CDs, T-shirts, business cards loaded with good links, etc.
- Create youtube videos on Full Disclosure and your local efforts, email FDP when you do
- Write a letter to the editor about UFOs, advanced technologies, secret space programs, corruption and the cabal, suppressed history, etc.
- Post fliers about your meetings on bulletins boards in order to attract more local people.
- Plan activism meetings or spend half an hour or so at one of your other meetings brainstorming things your organization can do to promote Full Disclosure so as to speed up the timeline
- Find out what other Full Disclosure organizations have been and are doing to share fliers, DVDs, posters, business cards and other ideas.
- Create some fun and creative street theater at which you can pass out fliers, CDs, DVDs, business cards and talk with people
- Join the ACLU and then you will be allowed to make a presentation to your local board; ask them to file a lawsuit against the advanced technology cover-up, the black projects, etc. on the basis of Full Disclosure
- Call in to talk shows
- Offer to talk on a local radio program about Full Disclosure, and the cover-up
- Have weekly meetings to watch disclosure related educational content with others
- Learn about replicated prototypes and develop overunity devices or other "impossible" technology to show others, work with others already involved in developing these technologies
- Raise your dietary vibration by creating a high vibration food event, promote health in order to maintain a high energy, well balanced team.
- Become more self-sufficient and educate others on the value of breaking down programming
- Follow your intuition, your bliss, your inner voice and research and teach how to better do this
- Host meetings for watching longer videos and documentaries, and then discuss them afterwards
- Create petition campaigns for local and national appeals
- Conduct group prayer and meditation events, and directed thought and silence as direct action
- Hold a contact meditation every month as part of global effort to connect with ETs
- Conduct a survey as part of developing better messaging. Ask people who follow disclosure related subjects and speakers what got them interested.
